

Job Title: Electrician	Last Updated: 10/17/16
Department: Electrical	Direct Reports To: Engineering Manager
Status: Non-Exempt	

Our electrical department is growing quickly, and we're hiring! We are currently in need of an experienced and skilled Electrician to join our team. The successful candidate will be responsible for installing and repairing wiring, conduit, and control equipment, as well as supervising and training electrician assistants on the job. We offer competitive pay and full benefits, and invite licensed professionals who are looking for steady work to apply today!

Responsibilities:

- Install, maintain, modify, and repair all electrical distribution systems and associated electrical equipment in an industrial setting.
- Run EMT and Rigid conduit.
- Remain in compliance with current National Electric Code.
- Complete work orders and record material utilized on jobs.
- Utilize blueprints, wiring diagrams and manufacturer's installation manuals to complete assigned projects
- Survey electrical systems, circuits and plans.
- Adhere to all quality and safety codes

Qualifications:

- High school diploma/GED required
- 5+ years' experience in the electrical trade
- Able to work well on a team
- Capable of lifting and carrying a minimum of 50 pounds without assistance
- Excellent hand-eye coordination
- Demonstrable knowledge and skills for electrical installation, maintenance and repair of electrical systems and equipment
- Strong interpersonal communication skills
